KISSES FOR HER MAJESTY — Camille Schaefer proudly kisses his daughter, Kathleen, following her crowning as Hancock County's Queen of the Forest Tuesday. Mrs. Schaefer awaits her turn to congratulate her daughter. The queen was selected from among 11 contestants.

Kathleen Schaefer Is Forestry Queen

Pretty blue-eyed Kathleen L. Schaefer of Bay St. Louis was crowned Hancock County's Queen of the Forest at the 11th annual contest at Bay High School Tuesday evening.

She will compete with queens from 14 other counties Friday and Saturday for the Southeast District title at Mississippi Southern College, Hattiesburg.

The district winner will go to state contest Oct. 14 at the state fair in Jackson.

Her majesty is the daughter of Mr. and Mrs. Camille G. Schaefer, 127 Chartres St. She attends Bay High where she is a council member of Beta Club, president of the 4-H club and of the Youth League. She was the recipient of the annual American Legion award for scholarship.

Her hobbies are sewing and playing the piano.

Miss Schaefer was presented her crown by Miss Edith Traub, the 1959 queen.

Ripple Rausch, 16, also of Bay St. Louis, was selected as first

Garza Files For Alderman In Waveland

John A. Garza sr., formerly alderman of Waveland's 1st Ward for eight years, has filed as a candidate for the seat recently vacated by the death of William Ruhr.

Mayor Garfield Ladner said today that Garza is the only candidate to file so far. Deadline is Thursday, Sept. 29. Law requires candidate to file 40 days in advance of the election.

The election is to be Nov. 3, the same date as the presidential election.

Garza, a former real estate man who retired from the Army following the Spanish American War, has lived in Waveland 25 years. He was elected as alderman in 1942. The candidate said he believes "Waveland is progressing and getting along real well" and that he believed that serving on the board he can help it continue to progress.

Ethel Leaves Clean Up Job Behind

Utility company crews are busy repairing the area back to the debris caused by Hurricane Ethel.

Ethel, dropping her skirts of wind and rain, around Hancock County, was passing by in the "dead down" power and communication lines, practically washed out unpaved roads and caused debris over most of the city.

The weather station at St. Williams College reported 5.58 inches of rainfall in the period 6:50 p.m. Wednesday to 9 a.m. Friday.

City Council Votes One Mill Tax Boost

At North Central School

Soft Drink Poll Held

A survey of parents of children attending North Central School to determine their views on selling soft drinks, cookies and nuts at the school was directed by the county board of education at a recessed meeting Saturday. Superintendent K. G. McCarty suggested the poll as a guide in planning a student store at which

he also proposed to handle school supplies and the board, recalling last session's controversy over the sale of soft drinks, asked that parents' views be determined first. The questionnaires are due back in time for the board to consider the matter further when it meets again at 9 a.m. Saturday.

Rouse reported no soft drink machines are in operation at the school now, citing difficulties caused by their breakdowns in an isolated location such as North Central. Only one child has inquired so far why no drinks are available, he added.

The board made another effort to dispose of the vacated Sellers and Leetown Schools, calling for bids at 10 a.m. Oct. 15 following legal advertising in both county newspapers. On the first try, bids were turned down as too low and question over placement of advertisement nullified the second attempt at sale.

The board heard at length from C. D. Wall, a North Central parent who asked consideration for children injured at school and then discussed corporal punishment, saying he didn't "care to have any stranger take a paddle to my child."

Mrs. C. C. McDonald, presiding as vice chairman, observed that the attitude of the educational system in recent years has changed regarding caring for injured children. Many parents want some protection for their child and schools may offer them a chance to take out insurance. It was indicated the

Approval Seen For Planning Funds for City

Mayor John A. Scalfide told City Commission Council Tuesday that James Birring, state planning director, has assured Bay St. Louis that its planning application will be approved by the end of September.

The city has applied for federal matching-fund assistance to help meet the cost of professional services for the preparation and adoption of a comprehensive master city plan. A consulting engineer has already started work on base maps and other data necessary for the plan.

He also reported that the Sept. 28 date tentatively set for the meeting with William E. Johnson, consulting engineer of Jacksonville, on the proposed new water works and sewerage system is now finalized. The session will be at 7:30 p.m. in City Hall.

Being called to the meeting are Johnson City Commission Council; the advisory council formed by the Hancock County Chamber of Commerce and other interested civic and business leaders and H. Wilson Arnold, New Orleans investment banker, who has been working on means for financing the project.

(Cont. on Page 5.)

Merit Community Plan Cited at Chamber Meet

Hancock County Chamber of Commerce has been invited to participate in a new three-year Mississippi Merit Community Program sponsored by the Mississippi State Chamber of Commerce.

The program was outlined Friday at a meeting in Gulfport of coast chamber and municipal officials. Bay St. Louis was represented by Commissioner of Utilities J. Cyril Glover and Mrs. John Green, secretary to the mayor and the Hancock County Chamber of Commerce.

The program was outlined by Don Colmer, chairman of the community development committee of the state chamber, and Lyle Carroll, director of the Mississippi Economic Council.

It has been designed to replace the Hometown Development Program sponsored during the past three years by the Mississippi Economic Council.

Problems affecting agricultural, industrial, domestic,

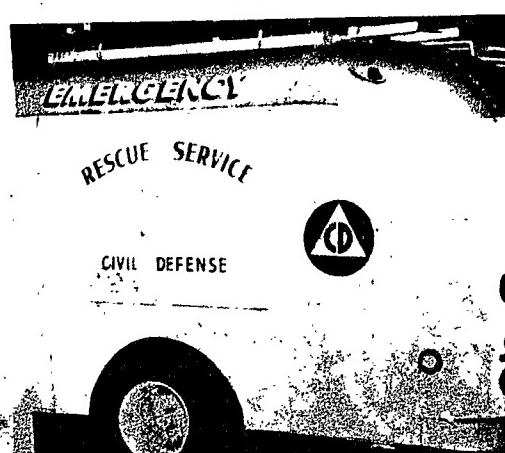

(Cont. on Page 5.)

program are beautification, education, fire protection, health and sanitation, housing and construction, long range planning, municipal finance, police and traffic, recreation, streets, agricultural and forestry development, industrial development and tourist development.

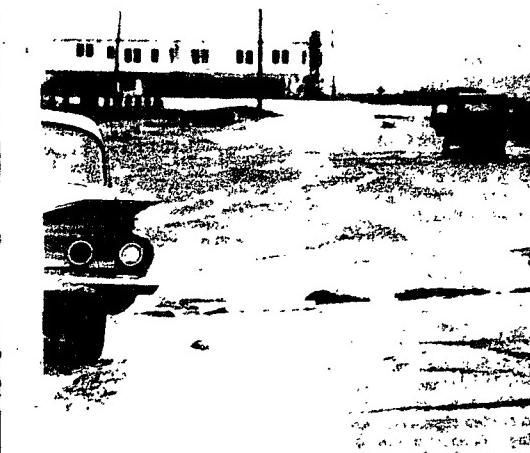

Local chambers of commerce may decide what project or projects they want to undertake. This is to be reported to the state chamber which in turn will work with the chamber and any community groups cooperating with the chamber on the project. When the project is completed a state chamber official will inspect whatever is involved to grade the project and use the data in determining whether or not the local chamber qualified for a plaque.

At the beginning the local chamber will be permitted to post a sign at entrances to the

Reappraisal Needed

Summer is past, and so is the mass of our summer visitors, God bless them. With this passing comes the question of the parking meters.

When the meters were installed the Echo urged all to wait and see. For ourselves we still do not know whether they are needed or not (what with the penalties we've paid to BSL, maybe we're not objective), but unless the Christmas season's traffic is unusual this editor thinks it is now time for the city fathers (Mayor and Commissioners of Bay St. Louis) to check the wisdom of their earlier decision to install meters.

This paper is fully aware that most cities of the size of Bay St. Louis, as well as many that are smaller, have found meters advantageous. The Echo still is inclined to favor them, since its employees were usually able to find a parking space near their destination this summer. (This saved us money in the long run.)

Notwithstanding our predilection for keeping the meters, we still think that an informal survey should be made of their effect on the merchants in the area where the meters are placed. That an employee or employer had to walk 300 yards more or pay is not what we mean by effect. We mean its effect on business, admittedly poor nationwide, the revenue derived by the city and what the PEOPLE want.

* * *

As best we can remember or others advise us the famous U. S. Post Office motto on its main New York office reads: "Neither rain nor sleet nor hail nor snow shall stay these swift couriers from their appointed rounds".

Last Thursday with Ethel imminent Mssrs. Donald Cuevas, Curtis Ladner, John Rutherford and Charles Sciana of the Bay St. Louis post office delivered the mail on their respective routes. The motto doesn't mean "hurricanes" but they still delivered the goods. Hats off to them.

CAN YOU AFFORD A FIRE?

By Gone Days

15 YEARS AGO

Sept. 21, 1945 - Sergeant Fred Curet Jr., USMC, was released from Japanese custody as a prisoner of war according to information received by his parents, Mr. and Mrs. Fred Curet, from the Marine Corps. Curet had been taken prisoner after the fall of Corregidor.

25 YEARS AGO

Sept. 20, 1935 - Mrs. C. C. McDonald, president of the Mississippi Congress of the PTA, will preside over the state organization's meeting at Jackson. Mrs. B. F. Langworth, national president, was to be the honor guest.

JEROME'S BOARDS UP

Ethel... Woman Hurt As Car Rams US 90 Bridge

(Cont. from Page 1)
kept 25 men in nine trucks working around the clock along the Gulf Coast. By that time all reported outages had been corrected.

Restoration of electric service was also hindered by flood waters in certain areas since vehicles needed to effect repairs were unable to get through. Shatnick said no damage was reported in Pearl River County and only minor damage in Hancock, but in Harrison County alone damage has been estimated in excess of \$2,500.

A. H. Gregory, manager of Mississippi Power Co., said a considerable number of lines were knocked down with more

damage being done in Bay St. Louis than Waveland or Clarendon Harbor.

Three extra crews, one from Jackson and two from Gulfport, supplemented local workers in the repairs. Considerable damage was caused by the downing of trees, which in turn knocked down power lines, Gregory said, adding that most of this occurred in Waveland.

Considerable delay in the restoration of service resulted from the downing of a transformer pole on Railroad Avenue in the Bay.

All power was restored by

Escape Injury As Tree Hits Station Wagon

Mr. and Mrs. Paul Langhere and children escaped serious injury Thursday afternoon when a huge oak tree fell across Lakeshore Road during the high winds caused by hurricane Ethel and struck the station wagon in which they were riding.

Langhere is principal of Gulfview School. He was returning from Picayune where his family along with the Parker and Dabene families, had evacuated Wednesday night, staying in First Baptist Church there. They were delivering the other groups when the accident occurred.

Church Supper Meeting Set

There will be a meeting of the planning committee for the annual dinner Oct. 13 sponsored by the women of Christ Episcopal Church at the residence of Mrs. C. R. Johnson, ticket chairman on Monday.

Mrs. T. F. McAuley, chairman, Mrs. Johnson, Mrs. Walter Rausch and Mrs. Don McCulloch will plan the menu and assign members of the group to cooking.

The crew worked around the clock to handle cable trouble and scattered individual telephone out-of-order cases.

Dabney said the telephone company handled a deluge of telephone calls as the storm neared. Wednesday, as the news was first announced that the storm was forming, 6,517 long distance calls were filed at Gulfport compared to a normal of 3,800. Bay St. Louis long distance calls are filed in Gulfport. The same day there were 124,500 local calls compared to an average of 90,000.

Meanwhile the disaster committee of the American Red Cross headed by David McDonald was busy, along with civil defense authorities, in caring for the many persons who evacuated their homes last Wednesday night when it appeared Ethel might strike the Bay.

Walter J. Phillips directed taking food to the shelters which lunchroom workers dispensed at Bay High School, Waveland Center and Valena C. Jones School. Supplies were taken to Clarendon Harbor but no one showed up there. Mrs. Kenneth Pepperdine, chapter secretary, reported \$48.15 was expended on food, the sum coming from the national office.

He said 217 outside plant maintenance men were on duty before and during the storm to clear up trouble. Many were drawn from areas away from the coast for the emergency.

Dr. Walter C. Russo served as master of ceremonies for the contest. He introduced each of the 11 contestants by number, calling on each to tell their hobbies, their age and to draw a question from a box and give their answer.

The questions were designed to give the judges an opportunity to hear the girls speak and think extemporaneously. The girl was asked to give her opinion on various teen, dating, family or social concerns.

District Attorney Boyce Holloman, who served on the forestry committee in the state legislature, was guest speaker.

He said that the girls competing for the crown symbolized "the beauty and future of our state through our pine trees." Our state is a sleeping giant with its growing pine trees," he commented, adding that as today's trees begin to grow bigger the entire economy of Mississippi will begin to boom.

Holloman said that the pine tree "is so interwoven in the economy of our state that it cannot be divorced from what is good for us and what is bad for us." He explained that 55 per cent of the industrial payroll in the state can be traced to the pine tree.

Holloman pointed out that 94 per cent of all forest fires are caused by the people. He urged that everyone take care to protect the forests, noting that "we are burning up our own future."

board may study such a provision locally.

Replies to Wall's statements on corporal punishment, Attorney Walter J. Phillips observed that board policy does not condone brutalization and does not attempt to tell the superintendent/principal how to handle discipline. He noted that in hiring its administrative officers, the board has established confidence in their judgment.

"When a little child says 'you can't whip me', it's pretty bad," Superintendent McCarty remarked. Wall replied that he intended to take the matter up with the school's Parent-Teacher Assn.

Wall also asked that vocational agriculture students help clean up the school grounds to keep them free from broken glass and the like. It was suggested that Supervisors James Necaise and Charles Lavinghouse, whose boats are served by the school, be requested to alternate months in providing two of their crew once a week for a clean-up detail.

Learning that several teachers have moved from the faculty residences to which they originally were assigned, apparently without first clearing with the board, trustees expressed concern.

THE NEW PLYMOUTH — Gary Karl examines the motor while Janice Bankston looks over the body of the 1961 Plymouth Fury that goes on sale officially tomorrow at Bankston's. Engineers claim gains in the areas of economical operation, trouble-free driving, luxury-car appearance and solid riding characteristics.

STUDY WATER SUPPLY — Bay St. Louis Commissioner Warren Traub and Waveland Mayor Garfield Ladner were among those attending the Ground Water Problems Inventory Day meeting here Tuesday and simultaneously throughout the state. Fred Sutter of Pass Christian, standing, was chairman and County Agent O. O. Swords, seated at the front table, served as secretary.

Deaths

Joseph Barabino

Funeral services will be held tomorrow for Joseph Barabino, native of Bay St. Louis, who died Tuesday in New Orleans where he has been a resident for the past 59 years.

Religious services will be held at 10 a.m. in Blessed Sacrament Church in New Orleans, interment will be in Soniat Cemetery. The wake is being held today in the mortuary at 1833 Dryades St., New Orleans.

Surviving are two daughters, Mrs. Valda Breaux and Mrs. Genevieve Hood; a son, Vernon W. Barabino; and eight grandchildren.

Frederick Laurent

Funeral services for Frederick Laurent were Saturday in Our Lady of the Gulf Catholic Church. Interment was in St. Mary's cemetery. He died Thursday, Sept. 15, in New Orleans.

Surviving are seven daughters, Mrs. Joseph Taconi of Bay St. Louis and Orest Laurent, Mrs. Olga Adam, Mrs. George Benigno sr., Mrs. Vivian Heck, Mrs. Eldred Leddy and Mrs. Carl Spencer all of New Orleans; a stepson, Richard Johnson of Mobile, Ala.; a brother, Victor Laurent of Bay St. Louis and a sister, Mrs. Howard Zerline of Baton Rouge, La.; 17 grandchildren; 21 great grandchildren; and one great great grandchild.

Capt. Wagner

(Cont. from Page 1.) Final rites were Sunday afternoon for Capt. Lewis Moore Wagner who died unexpectedly early last Monday aboard his ship, SS Del Sud, at high sea en route from Santos, Brazil, to Montevideo, Uruguay.

The body arrived by plane in New Orleans Saturday, having been delayed by weather conditions. Services were at Christ Episcopal Church with interment in Garden of Memories, the Rev. Charles R. Johnson, rector, officiating.

Servants of pallbearers were Capt. Charles Spicer, E. R. Seaman, H. K. Kinney, all associated with Mississippi Shipping Co., as was Captain Wagner. Don McCulloch, Dr. John Griffin, both of Bay St. Louis, and Larry 17th of Jackson.

Water Resources...

(Cont. from Page 1.) municipal and recreational ground water users were discussed and inventoried. A report on the local meeting will be compiled with reports from throughout the state by the water commissioners for use in determining what, if any, legislation is needed on underground water.

O. O. Swords, county agent, secretary, reported those attending said Hancock County does not have an immediate problem but may in the future, with wells here decreasing in pressure.

Swords said some wells that were overflowing 25 and 30 years ago are not even running today. Laws governing the spacing of wells were suggested as preventive action. There is already legislation covering surface water but there is no legislation regarding the underground resources, Swords said.

Others attending were Mayor Garfield Ladner of Waveland; Warren E. Traub, city commissioner of finance; H. L. Turnipseed, International Paper Co., Pearlington; T. A. Brown, Hancock A.S.C. County committee-man; Pat M. Rogers of the County ASC office; Mac H. Stone of the Farmers Home Administration; Wayne Aliston, of the county health department; Hugh C. San-

Merit Program....

(Cont. from Page 1.) city telling of participation in the Merit Community Program. Chambers completing all 10 projects will receive 10 plaques plus another citing the overall achievement.

Mrs. Green said she will report on the program when the Hancock County chamber board meets Oct. 3.

She said local community groups will be invited to co-sponsor certain projects that fit into their organizational purposes, such as beautification and garden clubs. Chairmen will be selected from the chamber and from the other groups co-sponsoring certain projects. Mrs. Theo Tudury was general chairman for the other program in 1959. She is also chairman of the parks and playground commission in Bay St. Louis.

The Economic Council of the state chamber is sponsoring the merit program as part of its efforts "for better business, better government and better citizenship."

Globe Cleaning Services were Capt. Charles Spicer, E. R. Seaman, H. K. Kinney, all associated with Mississippi Shipping Co., as was Captain Wagner. Don McCulloch, Dr. John Griffin, both of Bay St. Louis, and Larry 17th of Jackson.

Methodist Rally Day Set Sunday

Church School Rally Day will be observed during worship services at Main Street Methodist Church Sunday.

The Rev. E. E. Price, pastor, said youngsters will receive promotion certificates in the sanctuary at 10:15 a.m. Bibles will be presented to 11 children being graduated from the primary church school classes to the junior classes as well as perfect attendance pins.

Christian Education will be the topic for the 11 a.m. worship service. Brief talks will be given for each church school class. Lester Walters, general superintendent, will be the first speaker.

The departmental superintendents are Jessie Gray, adults; Mrs. Paul Kimball, youth and Mrs. Sam Whittfield, children. A dedication of the officers and teachers will be included in the services.

The Methodist Youth Fellowship will hold a fellowship dinner at 7 p.m. Friday, Sept. 30, in the church, honoring church school officers and teachers. Paul Miller jr., is president of the MYF.

Mrs. Wallace L. Chevis, president of the Women's Society of Christian Service, said a business meeting is set for 10:30 a.m. Wednesday.

City Taxes...

(Cont. from Page 1.)

The mayor reported that the Five Points drain project has been completed except for a catch basin cover which has been ordered.

The city has purchased a first aid and life saving kit from a surgical supply house. Equipment includes snake bite kits,

mouth-to-mouth resuscitation and general first aid equipment.

He said city personnel and others wanting to learn will be taught the use of the equipment and supplies. The equipment will be set up at City Hall, fire station and elsewhere in different city departments.

The board also voted to ad-

vertise for bids for a double deck gas bake oven for the new North Bay Elementary School for opening at 10 a.m. Oct. 10.

SJA Parents Slate Supper

The annual spaghetti supper sponsored by the Parents Club of St. Joseph Academy has been scheduled for Thursday, Oct. 13, at the Knights of Columbus Hall, beginning at 5 p.m. It had been tentatively set for Oct. 20 when the club met last Tuesday.

Mrs. Curtis Maher is general chairman for the supper with Mrs. Ivan Bradford is ticket chairman.

Advance tickets may be purchased from members of the club and the chairmen for \$1 each. Admissions also will be sold at the door.

City Schools Request Loan

Board of trustees of the Municipal Separate School District of Bay St. Louis has petitioned City Commission Council to borrow \$10,500 to meet the school payroll through December.

The board, meeting briefly before Friday's football game, asked for the loan as required each year until tax money for the schools starts coming in. The money, at five per cent interest, is borrowed on the anticipated taxes.

Mayor John A. Scaife said the request is "routine annual procedure" resulting from a difference in the city and school board fiscal calendars.

POTATO RACE - St. Joseph's Academy seniors defeated the freshmen during initiation ceremonies in the school gymnasium Tuesday.

Mrs. Winnard St. Joseph New Voters League Prexy Jottings

BY JEANIE LING

Students are urged to take out school insurance which is now available.

The choral group will be organized again this year. As yet plans have not been completed.

A freshmen party, part of the orientation, took place Tuesday afternoon. The solemn candle-light ceremony took place Wednesday night.

Candidates for the president of the student council were chosen by the sophomores, juniors and seniors. They were Sheila Gotschalk, Shelly Sturnevant, Carmen Gordillo, Sandra Seuzeneau, Judy Brun and Jean Garst. Campaign speeches were given by the girls Friday afternoon and Sheila Gotschalk was elected.

The high school students elected for Stanislaus cheerleaders are Cassie Rhodes, Wynn Heath, Jo Jo Horne and Trish Blanchard.

While definite plans have not been made as yet the seniors are already looking forward to planning their senior trip.

This year's freshman class, numbering 54, is the largest ever known at St. Joseph.

English teachers of the high school will appoint different students to work on Sea Sprite, St. Joseph's newspaper, in addition to working very hard in aiding this program.

Apron Sale Delayed

The women of Christ Episcopal Church will hold an apron sale Friday and Saturday, Sept. 23 and 24, at Jimre Jungle from 7:30 a.m. to 5 p.m. Mrs. Erie Kirkpatrick, chairman, said the sale was to have been last weekend but was postponed due to the threat of Hurricane Donna.

Shamrocks Pick Maurigi Prexy

The Shamrock Social Club at its meeting Tuesday night elected Gaspar Maurigi, president; Rogers Reinhike, vice-president; Russell Elliott, secretary, and Frank Trapani, treasurer. The meeting was held at Trapani's lounge.

The new officers succeed L. F. Pucheu, president; Russell Elliott, vice president; J. Ladner, secretary, and Al Summy, treasurer.

Loyola Freshmen

Three Bay St. Louis students are enrolled in Loyola University's freshman class.

They are Warren Carver Jr., son of Mr. and Mrs. Warren Carver sr.; Delta Jacobi, daughter of Mr. and Mrs. L. J. Jacobi, and Richard Morreal, son of Mr. and Mrs. Jake Morreal jr.

All three have entered the college of arts and sciences. Carver and Morreal are graduates of St. Stanislaus College and Miss. Jacobi is a graduate of St. Joseph Academy.

Rene Bermonds Mark Two Dates

A double-barreled celebration was conducted Thursday at the home of Mr. and Mrs. Rene Bermond, 411 Ballantine St., when they celebrated their 40th wedding anniversary. It was also the 70th birthday of Mr. Bermond who said they are waiting for their golden wedding anniversary to give a real party.

Teach Your Children Thrift with S.H. GREEN STAMPS

Many families use S.H. Green Stamps to help their children learn the all-important habit of saving. They use them as awards for doing chores around the home. For instance . . .

So many S.H. Green Stamps each week to daughter for drying the dishes or helping clean house, so many to sonny for mowing the lawn or for other odd jobs. Many housewives tell us it's a wonderful way to accomplish the twofold purpose of rewarding youngsters for tasks well done and showing them how much it pays.

Youngsters of every age from tots to teens love S.H. Green Stamps because they can redeem them for a wide variety of quality items that are dear to children's hearts. Try this plan in your home. You'll be truly amazed to find how well it works.

Karl Gotschalk, Bay St. Louis, served with other upper-classmen on the 1960 orientation committee the University of Mississippi.

Indecent Literature Fight Opened by Catholic Women

Efforts to have the federal government make the publication of indecent literature a serious offense with a stiff penalty is being made by a committee to which Bay St. Louis were named Wednesday.

The committee, appointed during the quarterly meeting of the West Coast Deanship of the National Council of Catholic Women in Long Beach, consists of Mrs. Lucille Weeks and Mrs. Alden Mauffray of Bay St. Louis and Jeanne Knott of Pascagoula.

Mrs. Marion Beal reported that the Gulfport ladies had requested that the Bay St. Louis group take over the veterans party Sept. 14. The Gulfport group will, in turn, entertain the veterans in October.

Members stating their plans to attend the conventions were Mrs. Ivan Bradford Jr., who will attend the national convention in Las Vegas, N. M., and Mesdames E. J. Arceneaux sr., and Alden Mauffray and Mary Boggs of Long Beach who will attend the diocesan convention in Greenwood Oct. 15 and 16.

Attending from Bay St. Louis in addition to those already mentioned were Mesdames J. Benigno, A. Chapman, M. Louis, J. P. Chiniche, A. Moreau and J. Joyce.

Garden Council To Meet Here

The Coast Council of Garden Clubs will hold its first executive board meeting of the season in the Bay-Waveland Yacht Club at 11:45 a.m. Friday, Oct. 7.

The Bay-Waveland Garden Club will host a luncheon at 12:30 p.m. following the business meeting. The woman's auxiliary of the yacht club will serve and a general meeting will follow at 2 p.m.

Bay-Waveland Garden Club members are being urged to attend the luncheon and the general meeting. Reservations are to be made for the luncheon by Wednesday, Oct. 5, with Mrs. Reuben Gray, HO 7-6781.

Mrs. Alden Mauffray lauded Our Lady of the Gulf youth or-

NOW!

FOR LIMITED TIME ONLY

**Burial Estates at
PRE-DEVELOPMENT PRICE**

In Beautiful Garden of Memories

Perpetual Care Memorial Park

At the time of the dedication and opening of the Garden of Memories Cemetery in June of 1956 the price was \$250.00 for a four grave lot. At that time we advertised that each year the price would be advanced until the price would be six hundred dollars.

The Pre-Need Price today is \$400.00; The At-Need Price is \$500.00. This is fair and reasonable because those who buy Pre-Need make the Park possible. Those who buy At-Need are using something provided by the foresight and public spiritedness of others.

That the six hundred dollar price is not unreasonable is evidence by other Parks from New Orleans to Tampa where the lot price is much higher. At that final price the per grave price will be \$150.00. Three per cent (3%) interest on this amount is \$4.50.

Can you keep a grave trimmed and neat; grass cut, flowers planted and have an attendant on the property every week day for \$4.50 per year. But that is what you acquire with a Perpetual Care lot in the Garden of Memories Cemetery.

AND NOW YOU CAN BUY PROPERTY AT PRE DEVELOPMENT PRICES
For a limited time only you may acquire property in Section C for \$250.00 (and your Credit Certificates may be used as down payment) with the understanding that you may have full credit for what you have paid in on property in Sections A and F (present developed sections.) Or you may, in the event of need, use the property in Section C with the promise from us that the section will be developed within the next three years, just as Sections A and F are and in the interim the property you purchase will be kept trimmed in the event of use before the entire section is developed.

This offer is for a limited time only. If you are interested call Mrs. Edwina Mabrey at HO 7-4318 and arrange an appointment at the Park where you may see the property and have this offer fully explained to you.

Waveland Notes

BY ECILE TURCOTTE

Mrs. Ernest Swanner of New Orleans is visiting her son-in-law and daughter, Mr. and Mrs. Sidney Bonvillian.

Mr. and Mrs. Sidney Mansere of New Orleans are vacationing at their summer home on Waveland Avenue.

Mr. and Mrs. Adrian Chagnard, nee Lillian Russell, announce the birth of their second child and first son, Monday, Sept. 19 at Hotel Dieu, New Orleans, La.

James Woolsey of Liberty, Texas, is the guest of his brother-in-law and sister, Mr. and Mrs. James Guffy.

Mrs. Roland Weston and Mrs.

Beta Rho Unit Plans Rush Party Tuesday

Final plans for the first informal rush party of the season were completed by Beta Rho chapter, Beta Sigma Phi, at its second meeting Tuesday at the home of Mrs. Horace Davis.

The event will be a kiddie party next Tuesday evening at the local Youth Center with members and rushers to be costumed as children.

Mrs. Ben Hill Jr., the new president, conducted the business session and plans were made for the group to enter the national sorority's name in the painting contest.

The next cultural program will be Your Poise and Charm which will be presented Oct. 4 at the home of Mrs. Lionel Selmer with rushees in attendance.

Mrs. Perdue Named Prexy by Waveland WMS

Mrs. L. L. Perdue was re-elected president of the Woman's Missionary Society of Waveland Baptist Chapel Tuesday.

Also elected were Mrs. M.

R. Bates, vice president; Mrs. Ellis Harville, secretary; Mrs. Joseph Daly, treasurer and Ste-

wardship chairman; Mrs. J. D. Green, program chairman; Mrs. Adele Davis, prayer chairman, and Mrs. Robert Epperson, com-

munity chairman.

Others were Mrs. Jack Hug-

hen, sunbeam leader and state

mission chairman; Mrs. Clyde

Simmons, publicity chairman and

Mrs. William Painter, White

Cross and publication chairman.

Mrs. J. D. Green, current pro-

gram chairman, presented a

program on Baptists of the World.

Hostesses were Mrs. Green and

Mrs. Bates.

Others attending were Mes-

dames John Necaise, Jack Penal-

ver, Pete Hedrick and Miss

Gloria Tate.

The next meeting will be Oct.

21 in the church.

Now exclusive miracle mixer brings you really better bread!

NEW, IMPROVED BATTER WHIPPED SUNBEAM

COMPARE

Look...Feel...Taste...Toast
It's better because it's BATTER-WHIPPED

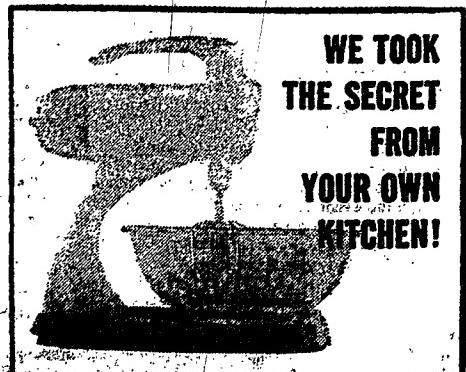

Just one look...and you'll see the difference—the fine, smooth texture...the perfect slices from one end of the loaf to the other.

Just one bite...and you'll discover Sunbeam's tempting flavor. Yes, Sunbeam tastes as good as it looks. You'll discover, too, that it cooks to a rich, golden-brown...that it stays fresher longer.

You'll be pleasantly surprised that Sunbeam is such an improvement over regular bread. Our miracle mixer makes Batter-Whipped bread possible...and only Sunbeam has it.

If you're not using new Sunbeam, make your comparison today. Convince yourself that Sunbeam is really better bread!

BUY SUNBEAM TODAY...IT'S BREAD WITHOUT HOLES...STREAKS...POOR END SLICES!

Distributed by Smith's Bakery, Gulfport, Miss.

Why we took the secret from your own kitchen

You know that mixing at high speed, rather than by hand, turns out far better whipped cream. So we perfected the same high-speed method for making Sunbeam Bread. No more beating mountains of dough the slow, old-fashioned way! New Sunbeam is whipped like cream. The result is truly new and better bread.

Mixing in small batches—the key to smoothness

The batter is whipped a little at a time—as you would in your own kitchen. That's the best way to get the extra smoothness so essential to eating enjoyment. Regular bread mixed a ton at a time can't compare with new Sunbeam for uniform texture, flavor and lasting freshness.

Miracle mixer blends perfectly to bring out flavor

Our exclusive mixer mellows the batter more thoroughly and quickly than under regular mixing conditions. The fine ingredients are blended into a completely uniform mixture. You know how much thorough mixing adds to food flavor and goodness. See the difference yourself! Taste that delicious Sunbeam flavor!

WAVE

GUY

Shoulda Gone Fishin'

BY EDDIE ENGELHORN

As we have been predicting the fish started jumping after the storm passed by and reports from Bayou Caddy and other areas prove all good — some spectacular catches being made after the storm, particularly up the river and bayous, high tides having brought in all kinds of food followed by the fish. Rat Reds have been showing up all over the place. Live bait is available although not plentiful but some of the best catches are being made on fresh market shrimp, plenty of which is at local fish markets.

It's still warm but the fall flounder season seems to be well on its way and reports from Waveland and Clermont Harbor are that quite a few are being taken and plenty of beds were seen. Fishing off the seawall in Waveland has been good. Mullet are currently jumping in the boats in the Bay but crabbing is only mentioned.

Rayfishes Without the Judge

Jack Kramer of McDonald's sporting goods department and Julian LaLuzza fished off Grassy Point across the Bay last Wednesday afternoon and got plenty of rat reds, specks, flounder and sheepshead using fresh dead bait. They only hit good for about a half hour, Jack said. Saw Ray Kidd who didn't seem to be getting a bite while they were pulling in rods right and left, he said.

Our correspondent from Clermont Harbor, Alvin Ladner of Coast Electric, reports that Roxie of Roxie's Radio and TV Service in New Orleans was over and got a hamper full at Half Moon and Nine Mile Bayou this weekend before the storm. Also that Andrew Asher caught 14 specks, a couple of flounders and four redfish off the seawall after the storm. Ross Malley of Poplarville, who is spending some time in Clermont Harbor, went out during the first part of this week and got more than his cooler could hold. John Perkins was out the other night and speared five flounder, five more getting away.

Marjorie Mitchell said she saw her neighbor, Phillip Hayes of DeMontuzin Street, coming home Monday with about 27 big specks caught in Bayou Caddy. He went out of Bordages Brothers Fishing Camp.

Bill Pinson of Bill's Camp on Bayou Caddy says business was terrific over the weekend and everybody caught fish. Has been good all week and reported Wednesday morning that Mayor John Scifide and Constable Pat Garcia were down at the marshes in one boat and Al Kingston was in another. We assured him if there were any fish there they would bring them back. Bill says the best catches were made in Three Oak and Caddy Bayous.

Last Saturday Alphonse and Junior Dorn and Earl Ladner motorboated to Heron Bay and got about 50 mixed fish. They wanted some eating shrimp but could only find small ones which they used for bait. Donald Dorn said he didn't go, is waiting for the opening of the squirrel season.

'Rough as a Bat's Eye'

A. G. Dantagnan, Russell Lounou and Eugene Graham of Wittita, La., went out to the Louisiana marshes Tuesday and spent the night on the Sea King. They got quite a surprise when they came back Wednesday to find Bayou Caddy virtually deserted, everybody having been evacuated because of hurricane Ethel. Catch was 150 trout, flounder and redfish. We asked Dan if it was rough coming in and he replied "man, it was rough as a bat's eye," whatever that means.

About 118 specks were caught early Monday morning by Cal Denton of Bankston Motors in Bayou Caddy averaging about two and a half pounds. Partner was Johnny Denton. Bait was market shrimp. We asked Cal a few questions and he said it reminded him of the time he was interviewed in 1949 by a couple of New Orleans reporters when he operated a riding stable in Covington and owned a number of well-educated Palomino ponies. When asked where he was educated he shook the scribes by replying he had been to five schools and was kicked out of each of them. The picture made the New York Times.

The Siren Chasing Habit

We always knew chasing sirens would get us in trouble some day and it happened Saturday. Returning from a wild goose chase we saw Rita Blaize, Vi and Barbe Cunningham, Bobbie and Linda Coleman struggling with a full hamper and potato sack near the Legion Home on the beach. We carted them home and wound up with an apron helping clean about 300 mullet but were rewarded with an exotic supper of sauer braushten which is beef marinated for three days and served with sweet gravy, wow! (If anyone wants the recipe we can get it)

Our prediction last week that the Yankees would cop the whole business which means the American League pennant and the World Series is still good they having won five in a row as of Wednesday morning putting them four games ahead of second place Baltimore.

It gave us a good feeling to see so many local sportsmen among the 54 key men who attended the emergency Civil Defense meeting called by director Ken Whitfield last week. Each offered whatever service and equipment he had in case the hurricane struck. We offered the boss' station wagon and ourselves for rescue or evacuation work.

We didn't know our little tale about the hog and the Ladner boys would cause so much commotion but it did. Curds Ladner of the Postoffice said he had called a meeting of all the Ladners and it was the unanimous decision that this column had to go. Must have been quite a gathering!

Grassy Point was a hot spot. Jimmie Giannetta and Johnny Kramer filled a bushel with reds, trout, flounder, sheepshead and croakers Sunday morning on fresh dead shrimp. They were accompanied by Johnny's dad Jack. Jimmie and Johnny were doing laundry Saturday but got run off of every good spot they could find — total hog, one dove.

Sideliners To Meet

The Sideline Club will meet at 8 p.m. today in the brothers' cafeteria on St. Stanislaus campus, preceding the first home football game of the season.

HALFTIME — A weary Tiger eleven rests during intermission of the Carriere game. Score was tied at 7-7.

Tigers Tops Statistically

Carriere Nips Bay High, 14-13

Although outplaying Carriere statistically, Bay High tasted defeat for the first time this season 14-13 Friday night on St. Stanislaus gridiron. It was a non-conference game and will not count against the Tigers in their bid for another conference title.

The Tigers scored 10 first downs to the visitors 9; 176 net yards rushing to their 140; 72 net yards passing to 39 and averaged 32 yards per punt to 31.75.

Saturday night the Hawks meet Hancock North Central in Stanislaus Stadium and Coach Lance Lumpkin said he hopes to use all his men so each will get experience on the firing line. Both teams scored in the second period, Woody Spiers making the tally for the visitors and Ronnie Peterson getting off a 20-yard pass to Lester LaFrance for the Tiger's first tally. At the end of the first period it was 7-7.

After halftime both teams tightened up and the score remained tied but in the final quarter Spiers again got loose for a

Lumpkin said prior to the Carriere game he expected it to be one of the toughest of the season, the DeSoto Conference being one of the fastest in the state. He puts some of the blame for the defeat on tropical hurricane Ethel, saying the team were only able to work out for a 35-minute period Tuesday before the game and the boys' timing was somewhat off.

In the first quarter neither team was able to score although Bay High appeared the superior moving the pigskin deep in Carrier territory on one occasion. Both teams scored in the second period, Woody Spiers making the tally for the visitors and Ronnie Peterson getting off a 20-yard pass to Lester LaFrance for the Tiger's first tally. At the end of the first period it was 7-7.

TD and Carriere took the lead 14-7 which they held until the last few seconds of the game when Bobbie Van Calsen brought the Tiger fans to their feet with a roar breaking through an opening and scoring from about the 15-yard line to bring his team within one point of a tie but the conversion failed.

Jimmie Sabella was shook up on line play in the third quarter and was taken to the hospital but was back on the field before the

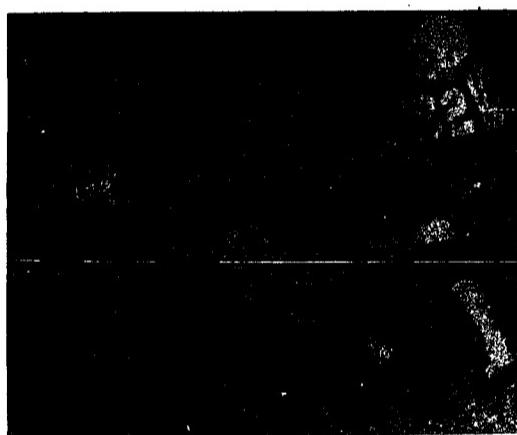

(Cont. on Page 10.)

Stanislaus Home Play Opens Fri.

The St. Stanislaus — Vigor game scheduled to be played last Friday at Mobile was called off because of tropical hurricane Ethel and no new date has been set. Coach Reuben Ruiz said.

Friday night will be the first home game of the season when the Rock-A-Chaws meet another tough foe in Catholic High of Baton Rouge, rated one of the top teams in Louisiana. Ruiz has been whipping the team into shape for the past two weeks and with last week's rest figures his men are about as ready as ever.

The Rocks have only played one game this season losing their opener two weeks ago to the Gulfport Commodores 42-0. The Commodores are rated near the top of the Big 8 conference.

IMPOSSIBLE CATCH — Bay High's Milton Bernard leaps into the air to snag a pass during the Tiger-Carriere game Friday night in Stanislaus Stadium.

2 Down, Hawks Prepare for Bay High

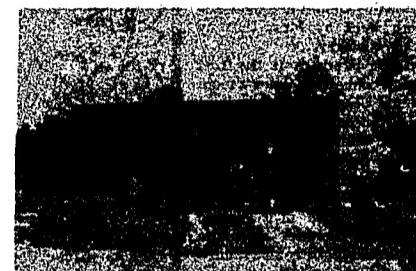

Although the Hawks were defeated in their first two games hope is still alive at North Central. They have taken both defeats in stride and are working hard for their game with Bay High Saturday night in Stanislaus Stadium.

Last Saturday night St. John of Gulfport shut out the Hawks 32-0 in Gulfport. St. John showed an exceptionally strong line and backfield scoring in every quarter. It was their second win in as many starts.

Coach Truman Schultz' lads were handicapped by lack of experience but showed plenty of spirit and played heads-up ball, recovering three fumbles to St. John's two, one in the end zone by Douglas Necaise to stop a TD drive. The other two were recovered by Herman Necaise and Lionel Hoda. Promise of good pass offense was displayed by quarterbacks Albert Wickton and Daryl Ladner. Punting chores were handled by Joe Harrel and Doug Necaise.
